Tea Larson-Hetrick

has successfully completed the online Specialization

Certified Ethical Hacker (CEH) v.12

Congratulations on completing the Certified Ethical Hacker (CEH) v12 course! This certificate acknowledges your mastery of ethical hacking techniques, including advanced reconnaissance, vulnerability analysis, and defensive countermeasures. You've demonstrated proficiency in protecting networks, web applications, cloud environments, and IoT systems while understanding modern cryptographic methods. This achievement showcases your ability to address and mitigate cybersecurity challenges, setting you apart as a skilled professional in the field.
